

Dedicated Private Hospital COVID-19 Drive Through

Are you going into private hospital, or need to have a procedure and require evidence of a negative COVID-19 PCR test prior to admission?

Clinpath can provide your COVID-19 PCR test at our dedicated private hospital drive through. Located behind the Pulteney St Collection Centre, with entry and exit via Wakefield St, this site eliminates the need for you to wait in large COVID-19 drive through lines.

This service is a booked appointment service, and the drive through operates from 7am to 5pm Monday to Friday and 8am to 4pm Saturday and Sunday.

To book your test, please call our friendly COVID-19 customer service team on 1800 870 778 (M–F 8am–6pm, Sat 8am–4pm), visit our website or scan the QR code below.
